STEEL BUILDING SYSTEMS

PROJECT: GREEN ACRES NURSERY & SUPPLY

LOCATION: Melissa, TX

SIZE: 117,000 SF

PROJECT TYPE: Commercial

GENERAL CONTRACTOR: MYCON General Contractors, Inc.

ROOF PANELS: ALok-16

WALL PANELS: A-Panel

OVERVIEW:

Green Acres Nursery & Supply's Melissa location was designed around the way a modern garden center operates, combining indoor retail, covered plant areas, and expansive outdoor nursery space across a 117,000 SF development. Alliance supplied the metal building package, including ALok-16 roofing, A-Panel wall panels, and structural steel supporting the building's prominent entry, clerestory, wing walls, and extended eaves.

FEATURES:

- 117,000 SF overall development
- 24-ga. ALok-16 concealed-fastener roofing
- A-Panel exterior wall panels
- Structural framing for side entry and eave extensions
- Support steel for clerestory and wing wall construction
