PROJECT: STARSCENTER MULTI-SPORT

LOCATION: Farmers Branch, TX
SIZE: 74,560 SF
PROJECT TYPE: Sports & Recreation
GENERAL CONTRACTOR: Lee Lewis Construction
ROOF PANELS: AS-24
WALL PANELS: FW-120

OVERVIEW:

Developed through a partnership between the City of Farmers Branch and the Dallas Stars, StarsCenter Multisport was created as a flexible youth-sports hub for North Texas. Expected to serve more than 50,000 youth athletes annually, it is also home to Texas Advantage Volleyball. The project received a 2026 TEXO Distinguished Building Award in the Design-Build 2 category.

FEATURES:

- Structural support for 16 goal assemblies
- Support for four divider curtains
- Support for eight scoreboards
- Integrated building and athletic-facility requirements
