

PROJECT: CHICKEN N PICKLE

LOCATION: Grapevine, TX

SIZE: 50,000 SF

PROJECT TYPE: Commercial / Community

GENERAL CONTRACTOR: Key Construction

ROOF PANELS: AS-24

WALL PANELS: Reverse R

OVERVIEW:

Chicken N Pickle combines 12 pickleball courts with dining, entertainment, and indoor and outdoor gathering spaces. Alliance Steel engineered and supplied three distinct building systems, adapting the structural design to accommodate the venue's mix of enclosed spaces and open-air recreation areas.

FEATURES:

- Two 126-foot-long buildings with 21'-6" eave heights
- 63'-8" × 63'-8" partially open court structure
- Engineered support for suspended fans and divider curtains
- Portal-frame bracing to accommodate large open-wall areas
